

CERS CASH FUND FACTSHEET

FUND AIM

The CERS Cash Fund ("the Fund") aims to provide capital preservation. Returns achieved are expected to reflect market interest rates. Values are not guaranteed and may rise as well as fall.

POTENTIALLY SUITABLE FOR

People who seek capital protection or who can potentially take the full value of their fund as a cash lump sum at retirement, subject to revenue limits.

FUND DESCRIPTION

The Fund's focus is to place money with high quality companies i.e. banks and other issuers. The assets of the Fund are largely held on deposit with highly rated international banks in order to maximize member security. The Fund's exposure to counterparty risk is rigorously managed via a policy of diversification which controls the maximum amount that may be invested in any individual country, bank or issuer. The credit worthiness of counterparties is subject to ongoing review by the Fund's Investment Manager. Further information including the CERS investment returns are available at www.CERS.ie/Funds.
